CAMERON, MILAM COUNTY TEXAS, THURSDAY, APRIL 28, 1960

12 PAGES TODAY

DOUBLE \$ DAYS TOO...

## Chick Show Is Saturday

About 85 Milam County youngsters will vie for prizes in the annual Cameron Chamber Junior Broiler Show Saturday.

Meanwhile crowds of Milam Countians are expected both Friday and Saturday for Cameron's Double Dollar Days throughout most Cameron stores.

The Milam County Broiler Show, one of the top broiler contests in Texas, will bring together top talent in the art of raising pullets and cockerels.

Chamber Manager Jack DuBois said the poultry arena will be at the corner of Main Street and Travis Avenue all day Saturday.

Actual staging of the contest begins at 8:30 a. m. with amateur judging contests preceding professional judging by E. D. Parnell, poultry department of Texas A & M College.

Contestants from across the county will be trying for trophies, place ribbons and cash prizes in the annual Cameron Chamber show.

Prizes in savings will be available too in Cameron stores during the Double Dollar Day event Friday and Saturday.

A banquet for contestants and their Chamber sponsors 7:30 p. m. Saturday at the First Methodist Fellowship Hall will climax the day of poultry events.

Included in the day - long show and contest will be competition in two divisions, cockerels and pullets. Top winners in both categories and grand champions will be named by judges.

Each contestant will show the best five of his original 50 chicks presented by his Cameron sponsor. When the judging's done, the five chickens will go to the sponsor and the other 45 are kept by the grower.

The 1959 show drew heavy attendance throughout the day. Several thousand people are expected in Cameron for the dual event Friday and Saturday.

Lester Byrd, chairman of the Cameron Chamber poultry committee, extended an invitation to all Milam Countians to visit the poultry show and review poultry raising handwork of some of the future Milam County leaders.

Speaker for the Poultry Banquet Saturday night will be Johnnie Watkins, farm news director of KWTX and KBTX television stations.

Ol' With  
F. M. L.  
101

Podners, throw away your straight razors. Lock up those electric fuzz cutters. Forget about shavin' come May 16.

That's the starting date for the Western Week beard growing contest in this h'ere town.

We don't mean to sound like a TV commercial, but ol' Western Week beard growers are going to have more time to grow 'em long for the 1960 hair contest.

Last year, those blond - bearded ones like me barely made a showing before beard judging time came.

101 - 101 - 101

Confidentially, there's only one way to even place in this contest, as far as I can see. That's to cheat. Since nobody can see our beards for 30 days or so, it's not exactly cheating anyhow.

Of course, we wouldn't get away with it. There are special badges, like last year, for shavers and non - shavers. Western Week officials probably would come up with a badge for pre - season beard growers to keep things under control.

101 - 101 - 101

The whole program plan, as discussed by Western Week officials last week, should lift the lid on ol' Cameron by mid-July.

No one could recall any more successful spontaneous development than 1959's Western Week.

I'd wager the Milam County courthouse, since it's not mine anyhow, that Cameron will have the time of her life this July.

And I am certain that Cameron will do everything possible to make Western Week one of the liveliest Western - type promotions in the whole Southwest.

101 - 101 - 101

From the looks of things, Milam County, Cameron and the rest of Texas got that long - awaited rain. We hope everybody got as much rain as we did at our house Tuesday night. We almost had to tow ourselves out of the driveway.

### WEATHER NOTES

Weatherman reported a total of 1.88 in. of rain this week. Sunday .09 inches, Monday .66 inch and Tuesday - 1.13 inches of rain fell. Hi was 88 degrees and low 58 degrees.

## Officials Note Need For Success In Hospital Drive

Advisory board officials of the Newton Memorial Hospital have urged the need for raising a minimum of \$50,000 for the proposed new Newton Memorial Hospital.

Officials point out that the total value of the new building and grounds, plus the present structure and land, will be more than \$600,000.

"We actually need \$90,000, but must have \$50,000 or 8 percent of the \$600,000 total value if the new hospital is to be built," one official said.

He said that \$60,000 in contributions outside of Milam County is promised if the community raises \$50,000, but the out - of - county money is contingent upon the success of the local drive.

## We're Goin' To Hoop An' Hollar

## Bigger 'West Week' Planned

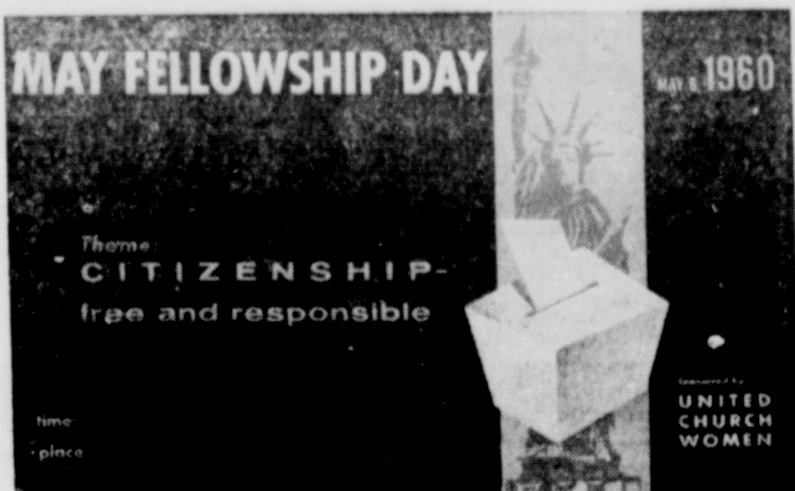

A rip - roaring 1960 Western Week is in the making, if recent preliminary plans only partially materialize for the second annual Cameron Wildwest promotion.

Heading the list of proposals made at an organizational meeting last week was a pony express ride to capital city Austin to get the governor's signature on a state - wide proclamation citing Cameron's Western Week.

Keystone of the six - day 1960 promotion will again be the touted Cameron Saddle Club Horse Show, rated one of the top five in Texas last year and heading for national recognition this summer.

Organizers of the 1960 "Week", including the Cameron Chamber, Junior Chamber and Cameron Saddle Club, exchanged volleys of new ideas that would spark Cameron's Western Week to state-wide prominence.

Buddie Shipp, of the Cameron

May Fellowship Day will be observed May 6 at 12:30 at The First Christian Church. Mrs. Walter Grimes will be the speaker. The luncheon will be sponsored by the United Council of Church Women.

## Austin Shotmaker Wins Tournament

Austin's petite shotmaker, 16 year - old Sandra Haynie Tuesday led a record crowd of about 90 women golfers in the annual spring renewal of the Cameron Women's Golf Association Tournament.

Miss Haynie, a gallery favorite for the past three years at the Cameron Country Club tournament led the field with a two over par 72 and won the driving contest.

## St. Monica's Plans \$20,000 Addition

Members of St. Monica's Catholic Church Monday night approved a \$20,000 addition to the church rectory in a parish meeting.

Anderle Lumber Co., Cameron, was awarded the contract to build additional rooms onto the present rectory building.

The Rev. John Geiser, pastor of St. Monica's, said that construction would begin as soon as possible.

The group also discussed a picnic, scheduled for June 19, at Simon - George Hall. It will be the first picnic sponsored by the church in large years.

A large crowd attended the meeting.

## Cameronite Recovers From Wreck Injuries

Mrs. Joe Matula, Cameron, is recovering today from three broken ribs and a scalp laceration suffered in a two - car collision about 2:50 p. m. Sunday at the intersection of Old Temple Highway and SH 36.

Joe Matula, her husband, was released from Newton Memorial Hospital after being treated for minor injuries.

The Matula vehicle, a 1955 Dodge collided with a 1958 Ford driven by Mr. Perry, of Alvin, according to State Trooper Jack Straley. Riding with Perry was his wife and four children. All of the Perry family escaped injury.

## Radio, Alert Cop Catch Suspects

A radio beam and alert police work caught two filling station burglars suspects the night of April 20, putting two Waco youths in the Milam County Jail.

Booked on charges of burglary are: Jimmy Edward Hancock, 20, and Billie Hurst, 19, both of Waco. They are charged with breaking

into three filling stations in Cameron.

Their escape was shortlived. A report of one of the break-ins was called into the Cameron Police Department.

Minutes later, dispatcher Gene Kirk radioed an alert to the local patrol unit.

But the local police was not the only one to pick up the message. Listening in on a special radio receiver, State Trooper Jack Straley overheard the message to the city car that - burglar suspects were believed to be headed east toward Milano after striking at a local station.

While the local unit raced to the scene of one of the three break-ins, the duo was roaring east on US 77 away from Cameron.

But Straley happened to be east of Cameron near the "Y" intersection where US 77 and SH 36 intersect.

And there he waited.

And soon the Waco pair was hauled in, not certain how it all happened. They are awaiting hearings in the county jail. And officials in Waco and Marlin have linked the duo with filling station robberies in each city.

The pair is charged with burglarizing Gus Plentl's Mobil Service, Dero Jenkins Texaco Station and Alton Logan Oil Co.

Officials said Plentl reported about \$4 missing, Jenkins nothing and Logan reported about \$90, a watch and an electric razor missing.

## Hearne Baseballers Were You Counted? Edge Yoemen 1-0 In District Game

A one - run rally in the 4th inning gave Hearne the needed margin to edge the Yoemen 1-0 in their first 18AA district baseball game.

Hearne's first baseman, Ootson singled to start things rolling and advanced to second on a fielder's choice. He scored minutes later following another walk and a pop out.

The Eagle collected only 2 hits in the 7th inning span hurled by Ernest Bayer. (A regulation high school game is 7 innings.)

The winning pitcher was Nig Thazzo. He went the distance and allowed 3 hits, 2 singles and a double.

Leading man at the bat for Hearne was Ootson, getting both his squad's singles.

Cameron's first hit came in the first inning when Chris Gay, second batter, lined out a double only to be snuffed out when he missed third in an extra base attempt.

Shortstop Bobby Foster garnered a single in the 4th inning with 2 out and advanced as far as third on a catcher's error. Herb Thewatt singled in the next frame after two were away and died on first.

Bayer, the losing pitcher was credited with giving up 2 hits, fanning 2 and walking 2.

The winning Eagle Hurler, Thazzo gave up 3 hits, fanned 2, and walked 1.

## 1.88-Inch Rains Boost Farm Crops

## Census Drive On

A "Were You Counted?" campaign for a complete census is underway in Cameron and Milam County, according to J. Fred Simon, Jr., supervisor of the Waco district office of the Bureau of Census.

It is following completion of the first stage of the 1960 census of population and housing, he said. Marvin Petty, North Milam County crew leader, urged heads of households still not enumerated to call either City Sec. John Andres at City Hall or Chamber Manager Jack DuBois at the Cameron Chamber office. They will in turn contact census workers for callbacks, Petty continued.

The Herald is printing a "Were You Counted?" form on Page 7 of this edition for those persons who believe they have been missed by census takers.

## Absentee Balloting Underway In Milam; May 3 Deadline

Absentee balloting in the Milam County Democratic primary has netted 32 ballots counted thus far, according to officials in the county clerk's office.

Absentee balloting opened April 17 and will end officially May 3, officials said.

Fifteen persons have voted in person and 17 ballots have been mailed to absentee voters, though not all have been returned.

Election procedures require that absentee ballots be mailed by May 3 or received in person by that time, officials noted.

Officials termed absentee balloting light thus far.

Prompt mailing of the "Were You Counted?" form will speed up the compilation of preliminary population figures for the area, Simon said.

He said that preliminary figures presenting the total population of incorporated places of 10,000 or more population and for counties will be issued in Washington, D. C., later in the year when returns have been tabulated on the Census Bureau's electronic computers.

Importance of a complete count was stressed by the district supervisor. He pointed out that new population figures must stand as official until the next federal census.

Simon mentioned the possibility that some advance census forms have not been picked up by census takers. He urged persons still holding such forms to mail them to the Waco District Office, 915 Liberty Building.

The second stage of the census is in full swing, Simon said. It calls for filling out and mailing the special "blue" household questionnaire left at every fourth household during the earlier door - to - door census drive. The questionnaire contains the questions which are asked of 25 percent of the population in order to save cost of a complete canvass, he added.

"A short count means a short allotment of federal funds to state and state funds, which in turn, are allotted to counties and municipalities on a per capita basis," he noted. "Thus it is imperative that we have a complete count and the help of every resident of the area."

Top soil moisture was necessary to boost crops already planted, Moore continued.

Early week rains were spotty. Some parts of Cameron drew light precipitation while the downtown area received a good shower Monday afternoon.

No crop damage was reported anywhere in the county.

The rains also slowed a chinch bug invasion which usually occurs in loose, dry plowed top soil, Moore pointed out.

"It looks like we are set up for a couple of weeks in the rain department," Moore said.

Meanwhile planting continued in cotton after most maize, corn and other grain crops were already in the ground.

And most truck crops were planted and were due for harvest in early summer, right on schedule.

## Tuesday Showers Fall Over Most Of County Area

Crop - boosting rains fell heavily Tuesday night in the second consecutive day of rains in the Milam County area.

A total of 1.88 inches of precipitation, termed by agriculture officials crucial for most spring crops, planted and unplanted, fell in the immediate Cameron area, but reports of rains of more than two inches came from other parts of Milam.

RAINFALL in Cameron was:  
Sunday - .99 of an inch  
Monday - .66 of an inch  
Tuesday - 1.18 inches

County Agent J. D. Moore told The Herald that Tuesday night's rains were general, and occasionally heavy, in the county.

He noted a two - inch rainfall in the north end of the county and good rainfall in the Buckholts area.

Cotton planting is at crucial point and needed the rain, though oats and wheat crops were at the most crucial point in soil moisture need, he said.

Top soil moisture was necessary to boost crops already planted, Moore continued.

Early week rains were spotty. Some parts of Cameron drew light precipitation while the downtown area received a good shower Monday afternoon.

No crop damage was reported anywhere in the county.

The rains also slowed a chinch bug invasion which usually occurs in loose, dry plowed top soil, Moore pointed out.

"It looks like we are set up for a couple of weeks in the rain department," Moore said.

Meanwhile planting continued in cotton after most maize, corn and other grain crops were already in the ground.

And most truck crops were planted and were due for harvest in early summer, right on schedule.

## Highway Contract Given To Bryan Firm

A contract for 1.2 miles of construction on F. M. 487 in Milam County has been awarded to a Bryan firm, it was announced in Austin this week by the State Highway Commission.

R. B. Butler, Inc. submitted the low bid of \$51,833 on the project. Construction of structures and approaches at San Gabriel River bottom - 4.4 miles west of U. S. 77 north of Rockdale is expected to take 60 working days, according to C. B. Thames, District Highway Engineer at Bryan.

Carol D. Zeigler, Resident Engineer at Hearne will be in active charge of the project while it is under construction.

## School Registration Set For May 10 - 11

Registration for all children entering the first grade in September, 1960, will be held in the Ben Milam Cafeteria on May 10 and 11 at 2:45 and 3:45 p. m., according to Leon L. Brady, principal of elementary schools.

If a certified birth certificate and a record of immunization for smallpox and diphtheria are present at this time, the child will be ready for school and need not report again until school begins in September.

After registration the children and parents are invited to visit the first grade rooms, Brady concluded.

# Preserve Eating Flavor Of Fish

By Vern Sanford

How should fishermen handle fish to best preserve their good eating flavor?

After a survey of this question among veteran fishermen, Heddon's research staff came up with these recommendations:

First - catch a fish. (Cool logic!)

Second - clean it as soon as possible after catching. Don't drag it around behind your boat until it turns stiff as a board (like which it will taste!).

Third - cook it as soon as possible after cleaning it. Flavor sags with age (so eat it young).

Fish gourmets prefer to clean each fish as soon as caught, place it temporarily in an ice-filled refrigerator bag or chest, then broil it on the nearest shore. They say it's amazing how a fish cooked this way will improve the taste of a pinch of salt!

If you must stash your fish away in the deep freeze, Heddon suggests that you put the fish sections in an air-tight container and fill with water. This prevents dehydrating and preserves flavor best.

Then when fish-hunger nudges you, thaw and cook - but never over-cook.

Seasoning? If you use anything but salt and butter, you're admitting that you don't like to fish.

### Save Outboard Fuel Slips

Ever wonder how many hours per year you run your outboard? More important, do you have trouble estimating when your motor's periodic maintenance checks are due?

An easy way to keep surprisingly accurate check on running hours is through gasoline sales slips. It's quite easy over an extended period to determine how much fuel your outboard burns in an hour of average operation.

Of course one must remember that extensive trolling or full-throttle operation can greatly alter your average mileage.

Anyway, having this information at hand makes it simple to add up your fuel purchases and arrive at the number of hours a motor must have been operated.

If, for example, your motor burns three gallons per hour and you bought 75 gallons of fuel in a given period, the motor will have run for at least 25 hours. Obviously, then, any recommended 25-hour checks are due and should be taken care of promptly.

Naturally a few hours of overtime won't hurt a good motor, but this orderly time-keeping system will do more for your motor's well being than mere guess work.

If you do a great deal of motor

boating, there is another advantage to saving fuel slips. You can obtain a tax refund on all gas purchased in Texas for your boat. Here's how it's done.

First, you must buy your gas from a licensed refund dealer. (Such licenses are obtained from the State Comptroller's office.) The dealer will give you an invoice of exemption, form 7965B, with each gasoline purchase for your boat. You, in turn, will write the comptroller's office for form 7965E, fill it out and mail it back to him with all your invoices and he'll send you your refund.

This procedure probably will save you more than you expected. It might help buy that extra minnow bucket, anchor, cooler or tackle box. One important reminder - you must apply for the refund within six months of the date you purchased the gasoline.

One more tip on fuel slips. Even if you have no interest in a formal log of your outboard cruises, these sales slips constitute an information record for future reference. A record not only of your mileage and fuel consumption, but of your ports of call and the dates you made the trips.

**Points on Refueling**  
Speaking of fuel, how's your outboard refueling technique?

The mark - an expert outboard

refueling procedure.

By far the best plan for all boats having portable fuel tanks is to take them out of the boat for filling. It is easier for the dock or service station attendant to add exactly the right amount of oil and to avoid over filling when he has the tank right at his feet. Further more it avoids messy and potentially hazardous spillage of fuel into the bilges.

Gasoline vapor is heavier than air and will collect in the lower levels of any confined space - such as inside a boat hull. Open outboards usually are well ventilated, but in some cases floor boards or bow lockers delay the dissipation of vapors long enough to create some fire hazard.

It is important to mix oil and gasoline thoroughly. If lubricant is poorly mixed with the gas, erratic running and poor lubrication may result. There have been cases when motor operation suggestive of the need for carburetor and adjustment has been traced to owner carelessness in the matter of maintaining a steady oil-gas ration from one batch of fuel to the next.

The so-called "white collar" jobs are not as easy as the man in overalls sometimes thinks they are.

Ignorance is that quality of mankind which persuades people to take all the medicines advertised.

# ELECTRICITY

is your better way to cook!

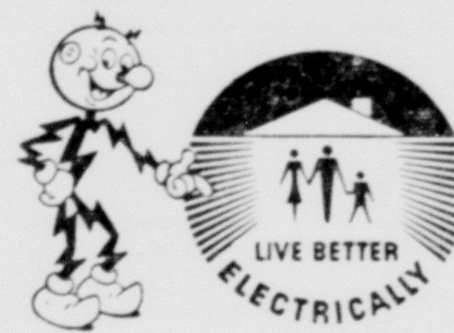

**FLAMELESS**... each surface unit puts the heat where you want it... in the food, not in the kitchen.

**CLEANER**... your electric range just can't make pots and pans sooty... they keep bright as new. Kitchen walls and curtains stay clean, fresh longer.

**COOLER**... modern electric ovens are insulated on all six sides... there's no heat waste to escape into the kitchen.

**AUTOMATIC**... electricity's measured, even heat and perfect timing make cooking sure and easy. Just set it and your electric range cooks food better.

SEE THE NEW ELECTRIC RANGES AT YOUR FAVORITE DEALERS

### Jones Prairie Florida Guests Visit In Home Of Ben Massengales

AN—C and Mrs. Benny Massengale and son, Randy of Jacksonville Florida, U. S. Navel Air Force base, are visiting his parents, Mr and Mrs. Ben Massengale. Other guests in the Massengale home over the weekend were Mr. and Mrs. Howard Schwarting and Miss Barbara Massengale of Rosenberg.

Mrs. W. B. Burnett is a medical patient in the Newton hospital. Friends wish her a speedy recovery.

Dr. and Mrs. Carlton McKinney and Mrs. J. A. McKinney of Olney are visiting Miss Ethel McKinney.

Dinner guests in the McKinney home on Thursday were Rev. and Mrs. W. D. Bosewell of Waco, M. R. and Mrs. Eber Flinn and mother Mrs. E. A. Flinn of Cameron. Dr. McKinney is a brother of Mrs. Flinn, Mrs. Bosewell and Miss McKinney.

Mr. and Mrs. Clifford Angell had as their Friday evening dinner guests Mr. and Mrs. I. N. Hughes and family of Cameron.

Visiting in the home of Mr. and Mrs. Julian Burnett over the weekend were Mr. and Mrs. Hetzel Burnett Mr. and Mrs. Buddy Burnett and daughter, Debbie and Mrs. Ollie Adams all of Houston.

Miss Alma Lee Weidner student of Southwest Texas State College, San Marcos and friend were recent guests of her grandmother Mrs. Mattie White.

Mrs. J. A. McKinney and Miss Ethel McKinney and house guests Dr. and Mrs. Carlton McKinney and Rev. W. D. Bosewell were Friday dinner guests of Mrs. E. A. Flinn and Katherine in Cameron.

Rev. Melburn Sibley was a Sunday dinner guest of Mr. and Mrs. Jack Pond.

Mrs. J. D. Martin attended the Milam County teachers association in Milano, Monday evening.

Mrs. A. H. Patzke was hostess

when the "Home and Garden" Club met Tuesday afternoon.

Following a brief business session and recreation, Mrs. T. B. Stidham gave a humor reading concerning the busy housewife.

CAMERON, TEXAS' HERALD, APR. 28, 1960 Page 3

Mrs. Julian Burnett discussed, "Weeds and their good points."

There were nine members and three guests, Mrs. Della Weise, Mrs. Alice Cox and Miss Susie Atkinson. The hostess served delicious refreshments.

### Sharp Mrs. Honea Spends Week With Parents

By Mrs. Florence Spiegel  
Mrs. Vernon Honea and daughter left for their home in Cisco Saturday after spending a week with her parents, Mr. and Mrs. Roger Gilliland.

Jim Clark, son of Mr. and Mrs. B. B. Clark of Houston, has returned home after visiting her grandparents Mr. and Mrs. Paul Graves.

Mr. and Mrs. Jack Daniel are moving from Sharp to Austin.

Mr. and Mrs. Paul Green and children of Austin were here for a weekend visit with relatives.

Mr. and Mrs. Jerry Nemec and children of Huntsville and First Lt. Marvin Nemec of Oklahoma City Okla. were holiday guests of their parents Mr. and Mrs. Val Nemec.

Mr. and Mrs. E. W. Edwards are living in Houston after their recent marriage there. Mrs. Edwards is the niece of Mr. and Mrs. Charlie Duncan. They attended the wedding.

Mr. and Mrs. H. F. Lange celebrated Mrs. Lange's birthday Sunday with a dinner at their home. Guests were Mr. and Mrs. Stanley Ferguson and children of Rockdale, Mr. and Mrs. Lawless Wolfe, Heidenheimer, Mr. and Mrs. Henry Tomasek and sons of Ad Hall, and Mr. and Mrs. Robert Ottmer and family and Mrs. Freddie Picke.

Mr. and Mrs. Frank Gamble had as guests Sunday Mr. and Mrs. Frank Paterson and son, Fort Worth; Mr. and Mrs. Glenn Gamble and Ronnie of Austin; Mr. Jim Byrd, Cameron; the William and Siegfried Backhaus family, Rockdale; and Mr. and Mrs. J. D. Pope and Mrs. C. R. Campbell, Sharp.

### Buckholts Peelers Host Waco Guests, Mr. and Mrs. Johnson, Over The Weekend

By Mrs. J. W. Meyer  
Mr. and Mrs. Gerald Johnson of Waco, former residents of Buckholts spent the weekend here as guests of her sister and brother-in-law, Mr. and Mrs. Miles Peeler.

Mr. and Mrs. E. E. Phillips have had as guests their daughter's family, Mr. and Mrs. C. J. Yanero and children, Rebecca and Jennifer Sue of Grand Prairie.

Mr. and Mrs. J. R. Slovacek visited recently in San Antonio as guests of their son and family Mr. and Mrs. Marvin Slovacek, Diane Marvin Joe and Lorri.

Mrs. Estelle Horstmann is visiting in San Antonio as a guest of her daughter and son-in-law Mr. and Mrs. John Busby and her son and family, Mr. and Mrs. Estelle Horstmann.

### Rogers First Grade Places First In Recent Talent Show

In the Student Council sponsored Talent Show, in the first division, Mrs. Anna Jahn's first grade room won first place; Mrs. Imogene Harbour's fourth - fifth room won second, and Mrs. Lois Gunn's fourth grade room won third.

In the second division, Mrs. Ada Jean Cowen's fifth grade room won first, Mrs. Selma Cannon's eighth grade room won second, and Miss McKimm Massey's seventh and F. G. Long's eighth rooms tied for third.

In the high school division, the sophomore class and the junior class tied for first, with the Seniors receiving second place. Martha Necas is president of the Council.

Buddy Horstmann.

Mrs. W. H. Ezzell spent Thursday in Cameron visiting her daughter and son-in-law, Mr. and Mrs. J. M. Mitcham and friends there. Her guests Friday were Mrs. Etoile Wittenberg of Cameron and Mrs. M. E. Mitcham of Rogers.

Mr. and Mrs. C. R. Criswell had as guests Sunday evening her niece and nephew, Mr. and Mrs. Lawrence McClaren of Cameron.

Mr. and Mrs. Lloyd Ezzell accompanied by their daughter, Mrs. Adolph Pick of Taylor have returned from a visit to San Antonio where they were guests of Mr. and Mrs. Mitchell Grossman. While there they saw the Battle of Flowers. Capt. and Mrs. Jack Blankenship and son, Sparky of Abilene have been recent guests of his father, Keith Blankenship and other relatives.

Mr. and Mrs. Elmer Williams' recent guests have been their son and family Mr. and Mrs. Douglas Williams and children of Austin.

Mr. and Mrs. Waymond Gresak have had as guests her sister and family, Mr. and Mrs. E. C. Burns, Ronnie and Mike of Orange.

### Dental Convention

Dr. George Bowman is attending the 80th Annual Convention of the Texas Dental Association this week in Fort Worth. The meeting is one composed of short post-graduate courses in the many phases of dentistry.

Each course is led by a dentist, who is a recognized authority in his field of work.

## Last Rites Held

For J. B. Sneed, 82,  
Former Countian

Funeral services were held 4 p. m. Saturday in Dallas for J. B. Sneed, 82, retired oilman and former Milam Countian, who died following a three - months illness.

He was born near Jones Prairie and attended the Tarver Grove Milam County preparatory school. He was a graduate of Southwestern University, Georgetown, and the University of Texas School of Law. At Southwestern he was active in debating and oratory.

His father was one of the organizers of the Citizens National Bank and his grandfather, the late Rev. J. P. Sneed, was a well-known Methodist circuit - riding minister.

After moving to Dallas, he invested in oil and gas properties and developed extensive holdings in Moore County and East Texas.

Funeral services were held 4 p. m. Saturday in the home of his daughter, Mrs. Irving Rose, Dallas. The Rev. Glenn Flinn officiated. Burial was in Hillcrest Memorial Park.

Survivors include his wife, the former Lenora Snyder, Georgetown two daughters, Mrs. Rose and Mrs. Snyder Atwell, Houston; a sister, Mrs. Terry Thompson, Amarillo; three granddaughters and five great - grandchildren.

Mr. and Mrs. L. G. Harper, Cameron are the proud parents of a son, Roger Lynn, born April 13 at St. Edwards. He weighed 8 lbs and 15 ozs.

JOE ZAJICEK

As a candidate for county commissioner, Precinct No. 1, I seek your vote with the assurance that I will represent all the people of the precinct at all times.

I particularly am interested in improving roads in Precinct 1 and building more farm - to - market roads throughout Milam County and this precinct.

Should I be elected, I will work for economy in government and a better tax structure for the people of the county. We have added industry and utilities that are now providing additional tax revenue compared to county tax income of earlier years. I would seek to lower taxes in Milam County in the same manner a neighboring county has in recent years.

Based on the above program, I ask for your support on May 7 in the Democratic Primary election. Should I fail to see you personally, please accept this as a personal invitation for your vote. Thank you and may God be with you.

## Architect Lists Bid Procedures For New Hospital

A letter from John Linn Scott, architect of the proposed new Newton Memorial Hospital, explains procedures followed in taking bids for the hospital project, according to B. M. McMillion, president of the board of trustees of Newton Memorial Hospital.

The letter lists eight steps required by regulations of the Texas State Department of Health and the United States Public Health Service.

Scott listed the following:

1. "Upon completion of the working drawings, these are submitted to the State Health Department and the United States Health Service for their approval.

2. "Upon approval, the project is advertised for bids and released to the prospective bidders.

3. "Approximately three to four weeks is allowed for bidders to prepare their proposals.

4. "The contractors prepare their proposals and submit these proposals sealed to the Hospital Board.

5. "At the bid opening which is attended by the Hospital Board, the Architect, a representative of the Texas State Department of Health and the various contractors, the bids are opened and read aloud.

6. "From the tabulation of bids, the Hospital Board determines the low bid and tentatively awards the contract to the low bidder contingent upon the approval of the Surgeon General.

7. "Copies of the bid tabulation and other related information is submitted to the State Health Department and the United States Public Health Service for the approval of the Surgeon General.

8. "Upon receipt of this approval, the contract can be awarded and construction started."

Scott heads the John Linn Scott and Associates, architectural and engineering firm, Austin, McMillion noted.

Mr. and Mrs. A. O. Jackson of Albuquerque, New Mexico are the proud parents of a son, Andrew Odell, born April 15. He weighed 8 lbs and 3 ozs. Andrew was welcomed into the Jackson family by two older sisters, Nancy and Linda. Mrs. Jackson is the former Edith Pattillo, daughter of Mrs. Oscar Pattillo of Cameron. Paternal grandparents are Mr. and Mrs. John Jackson of Lexington.

## Clarkson

Mrs. Hauk and Grandchildren  
Visit Relatives In Houston

By Mrs. J. A. Blasienz

Mrs. V. W. Hauk and children Marilyn and Larry accompanied her parents Mr. and Mrs. Frank Ocker of Rosebud to Houston Wed. for a visit with her sister and family Mr. and Mrs. O. L. Townsend. They returned home Friday.

Mr. and Mrs. Hubert Skala, Kelvin and Billy Jack Harrison visited Mr. and Mrs. Howard Harrison and family of Marlin Saturday afternoon.

Mr. and Mrs. Jimmy Harrison

## Advisory Group Studies Policies

Officers of the advisory board of Newton Memorial Hospital and Cameron doctors met recently to discuss policies and procedures governing the operation of the new Newton Memorial Hospital.

Dr. T. E. Crump was elected chairman of the open staff of doctors of the hospital and Dr. David Shapiro, secretary.

A committee was appointed to review the operating procedures set out in the articles of hospital incorporation.

The advisory group studied the articles of incorporation recognized by the American Medical Association and other medical agencies. The committee is working on Article 11 of the hospital articles which establishes a standard constitution of rules and by-laws recommended by medical authorities in the operation of hospitals.

## Bryan Leads In Stopped Game

The Bryan Eagles were leading the Cameron Cardinals 9-2 in a 6-inning game that was stopped by rain last Sunday.

The contest was the first of the year for the Cardinals.

Mr. and Mrs. P. W. L. Hilton of Minerva are the proud parents of a son, Marcus Layne, born April 13 at St. Edwards Hospital.

## Too Late To Classify

FOR RENT — Large furnished 3 room apartment. Private Bath. 802 W. Main St. Ph. OX 7-3598.

and children and Mr. and Mrs. Billy Joe Lewis and family of Rosebud visited Mr. and Mrs. Bill Harrison Sunday.

Mr. and Mrs. Jack Briggs and children Jackie and Larry of Ft. Worth spent the weekend with her mother Mrs. V. D. Dodd. While here the children went fishing in their grandmothers farm pond and proved to be good fishermen. Jackie caught a 5 lb. cat fish and Larry a 6 lb one.

Mr. and Mrs. Clarence Dodd and sons of Rosebud were also guests

CAMERON, TEXAS' HERALD, APR. 28, 1960 Page 7

of his mother during the weekend. Mr. and Mrs. Billy Ernst of Barclay were Sunday guests of her parents Mr. and Mrs. Louis Skala and Lillie.

Mr. and Mrs. John A. Blasienz of Bryan were guests of his father J. A. Blasienz and Mrs. Blasienz Sunday. Mrs. Blasienz also visited Mrs. R. E. Mitchell.

## CITY ... Texas-Size Western Week ...

Enthusiasm for an even bigger Western Week celebration was apparent at a meeting of three groups working on the project last week.

Ideas flew across the conference table with the rapidity of a gunman fanning his .45. And the substance of the discussion will make news throughout Texas before July 16 passes.

Here are some tentative plans:

ONE—A pony express ride to Austin to get a gubernatorial proclamation for Western Week in Cameron July 10—16.

TWO—More downtown shindigs throughout the week to keep interest mounting for the night-time horse show competition July 15-16. They would include "hangings, shootings, stage robberies" and almost any activity in keeping with the Wild West flavor of the week.

THREE—The addition of bleachers at Wilson-Ledbetter Park to assure seating room for anticipated record crowds both nights.

FOUR—Beard growing contests to begin May 16, allowing a full two-months growth before judging.

FIVE—Additional Western Week activities including a Western dance and special western week events for nightly entertainment.

SIX—Restoration of the portable jail for violators of the "Western code", meaning lack of beards, Western gear or other requirements of the July extravaganza.

These are but a few of the ideas that Chamber, Junior Chamber and Saddle Club members talked up during the conference last week. We can be assured of enthusiastic support throughout the city and county.

The possibilities of Western Week became apparent last year as the spontaneous event literally packed Cameron on the parade day with some 10,000 people from all parts of Central Texas.

About 50 to 100 camera bugs popped pictures of the climatic hanging and two-mile parade the whole afternoon and people were turned away at the horse show both nights due to the large numbers.

This event, the combined Western Week and Cameron Saddle Club horse show, has sparked the dynamic enthusiasm that sometimes goes dormant in a town. Its universal appeal to young and old is a motivating factor to do things and appreciate the fact that things are being done.

This event, fast heading toward a status of statewide magnitude for Western Week and nationwide appeal for the horse show, has all the elements of a wide-open adventure of a small city realizing its capabilities. Once achieved, this success is applicable to any need, agricultural, business, industrial or cultural, that Cameron may realize. And the doing becomes so much easier.

Sister city Rockdale envies a number of Cameron's assets. And the whole state of Texas will appreciate our Western Week, as much as Cameron seems to now.

A bigger Western Week means a wider appreciation of Cameron's abilities to do things. We know it will be so, even to the amazement of some of Western Week's most avid boosters.

## COUNTY ... Have You Been Counted?

The Herald urges every head of household in Cameron and Milam County to call into the City Hall or the Cameron Chamber of Commerce if their family has not been included in the current 1960 census drive.

Marvin Petty, crew chief for North Milam County, said that anyone missed is requested to call City Sec. John Andres at City Hall or Chamber Manager Jack DuBois for a follow up. They will in turn notify census workers who will call back at the homes not yet enumerated.

The value of a complete census cannot be overestimated. Every level of government—school districts, city, county, state, and national, will use the 1960 census figures as a basis of action involving every consideration from taxes to services or the deletion of services to the various levels.

An enumeration lower than actual count could affect the area unfavorably. An exact, full enumeration could reflect favorably in additional measures that would benefit business, cultural and all other groups where numbers of people are important.

Here is another area where co-operation of the first order can make a difference, even if the exact difference is not apparent now.

We urge public consideration of a full population count throughout Cameron and Milam County.

## Dateline ... Austin

# People Unaware Of Election Dates

By Vern Sanford

AUSTIN — A great number of people are not aware of the fact that the Legislature, at its 1959 session, moved the primary and run-off elections forward several months.

Candidates are not in sufficient abundance this year to impress this fact upon the voters. Now with only a short period remaining, many of them are surprised to learn that not one out of a hundred voters knows when the elections are to be held.

Those who are campaigning have not failed to stress the earlier voting dates. First primary will be held on Saturday, May 7. The run-off, if any should be necessary, is scheduled for June 4.

If you are going to be out of town during the first primary election, May 7, you have from now until May 3 to vote absentee for that election.

After May 3 you must go to the polls if you want to vote.

For those living in a county seat town, the simplest procedure is to go by the county clerk's office. If you do not live in the county seat, you can write the county clerk for the necessary forms.

Voting in the Democratic primaries is essential to participation in other Democratic party activities this year. No one will be allowed to take part in a Democratic precinct convention unless he has a poll tax that has been stamped "Democratic." Poll tax holders must vote in the primary, absentee or at the polls, to get their poll taxes stamped.

This new section of the election law was designed to keep out the so-called "one-day Democrats" who participate in Democratic primaries and conventions and Republican conventions, too. People who go to the GOP precinct conventions will have their poll taxes stamped "Republican." This shuts the door on their having any part in Democratic Party affairs until they get a new poll tax.

An intensive campaign has been under way for several weeks to educate voters to the new procedures and dates and the importance of their voting and coming precinct convention.

#### DOOR KNOB COSTS CUT

Amid a statewide nallaballoo over the cost of hardware came a quiet explanation that the door knobs in the State Office Building really cost only \$3.65, not \$36.00 apiece.

H. R. Nieman, executive director of the State Building Commission, said the cost of all the hardware for the building — including automatic closers, locks, keys, hinges and doorstops for 1,000 doors — came to \$36,000.

Nieman's statement punctured a story that had been the subject of almost as many jokes as Pappy O'Daniel's flour barrel. It got started when a House committee on tax saving investigated the building which had cracks in the lobby's terrazzo floor.

Sightseers had come, almost as to a museum, to look at the highly publicized stainless steel knobs.

#### TROUBLES EVERYWHERE

If sunny weather and disappearance of the flu has you feeling secure and content, the State Department of Health has bad news. Health officials warn of three separate menaces:

1. Rabies is on the increase — up 33 per cent from this time last year. During the first three months of the year 219 positive cases were diagnosed.

2. It's the measles season with Travis County (Austin) leading the state with 250 cases reported, Uecce County (Corpus Christi) reported 205 and Galveston 172.

3. Stinging caterpillars are about and will be around feeding on trees and shrubs until fall. Health Department officials particularly urge parents to warn their children not to pick up the fuzzy, fascinating moth larvae. Stings should be treated as bee or wasp stings by cleaning with alcohol and covering with calamine or other soothing lotion.

## Camp Attending Mexico College

MEXICO CITY — Emory Clifton Camp, Cameron, is at present in Mexico City attending Mexico City College majoring in business administration.

A graduate of Yoe High School, Camp has previously attended the University of Texas. He is the son of Mr. and Mrs. Emory B. Camp.

Along with his classroom studies, he makes regular visits to the many export-import houses and diplomatic delegations in the capital.

## Boy Scouts 50th Anniversary To Be Observed By Circus

The 50th Anniversary of Boy Scouting will be observed by youngsters participating in the biennial Boy Scout Circus to be held April 29 and 30 at the Heart O' Texas Coliseum in Waco.

Cub Scouts, Boy Scouts and Explorers from 10 Central Texas counties will participate in the "all-boy show". Officials estimate more than 3,000 boys will appear in the Circus.

Sharing the spotlight with the boys will be Allen Case, television star of "The Deputy". Case, a native of Dallas and fast-rising star, will appear at both performances of the Circus.

Also scheduled to make a guest appearance is United States Mar-

shal Albert W. Saegert of San Antonio. Saegert, long-time US Marshal for this area, will present a revolver to Case who plays the part of a deputy United States Marshal for the television series.

Wiley W. Stem, Jr. of Waco is general chairman of the Circus. Honorary chairmen are Maj. Gen. Karl Truesdell, Jr., Commander of 12th Air Force in Waco, and Maj. Gen. Edward G. Farrand, Commander of Ft. Hood.

Tickets for both performances are on sale by any boy scout. Tickets are fifty cents for general admission, one dollar for reserved seats and two dollars for box seats.

## Do You Remember? 40 YEARS AGO From The Files Of The Cameron Herald

Mrs. A. N. Green spent several days in Waco visiting her daughter, Louise, who is attending Baylor University.

Plans were announced this week for the Methodist Church new \$70,000 building to be built soon.

The first National Bank also discussed plans for a new building that would rate first among other Central Texas Banks.

## Do You Remember? 20 YEARS AGO From The Files Of The Cameron Herald

Victor Wimberly announced that he would run for County Treasurer. Maxine Akers of Baylor University spent the weekend with her parents.

The Yoe High Band played its first concert of the season at Marlin. After the concert the band members were honored with a dinner and dance at the Marlin Country Club.

Miss Dianne Luckett won first in shorthand in the Regional Interscholastic League Meet in Huntsville.

## Be Careful, Snake Season Is Back

AUSTIN — Beware of snakes. This is the report coming in from game wardens all over the State, according to the director of law enforcement of the Game and Fish Commission. With the advent of warm weather, the snake movement has begun throughout the State.

There are four kinds of poisonous snakes in Texas. They are the moccasin, copperhead, coral snake and the rattler. Naturally the moccasins are found around water; the copperheads like cool places around old rock piles, barns and stacks of old lumber; coral snakes also are found around old tree stumps, under vines and shrubs; the rattler likely will be found most any place. Many of them are killed crossing highways.

Because there are so many non-poisonous snakes many persons may take a chance. For instance, near Rockport last week a group of school children found a snake swimming along the beach. They stuffed it in a bag, believing it to be a harmless hognose. Later, however, it developed the snake was a massasauga rattler.

Many of the harmless snakes have value as mice catchers and should not be molested. In fact the director warns, it is best to leave all snakes alone, except to kill off the poisonous ones.

## Ada Henderson To Host Schools At Playday Meeting

The annual Cameron Invitational interscholastic League Grade School Meet will be held on the campus of Cameron Schools April 29.

It is an all day affair starting at 9:30. Leon Brady, principal said. Visiting schools entered are: A and M Consolidated, Hearne, Caldwell, Rockdale, Rosebud, Deannville, Thorndale, Buckholts, Rogers, Gause, Maysfield, and Davilla.

Every event offered by the Interscholastic League will be contested in Literary, playground and track and field events.

## The LITTLE RIVER Philosopher

### THIS WEEK:

Dear editor:

Some people never get out of a rut. For example, they think the only time to get spring fever is in the spring, whereas I've found it can be done in the summer, fall or winter too, if you put your mind to it.

What brought this to my mind

### Doubts That Machinery Will Ever Really Get Rid Of All The Manual Labor

was an article I read yesterday afternoon when I got tired of working and sat down, by an industrial expert who said that "by the year 2,000 the word 'worker' will be obsolete, men having been replaced by industry. Look about you now — do you see many people with a pick and shovel?" he

asked. "Do you see anybody actually doing any manual labor?"

Which way you reckon that man was looking? You can look in some directions, say mine for example, and maybe not see anybody doing much manual labor, but the idea that manual labor has just about been abolished is one of the biggest hoaxes ever attempted.

Now it's true that riding a tractor beats walking behind a plow pulled by horses, but anybody who imagines driving a tractor eight or ten hours a day, going up one row and down another, doesn't involve work, just never has tried it. Furthermore, you don't step outside, when plowing time comes, mount your tractor, and take off. Somebody has to get some plows or planters or busters or discs hooked up to that tractor, and if anybody thinks this doesn't involve manual labor, I will be glad to turn the job over to him the first thing in the morning.

And furthermore, manual work isn't confined to the farm. In the most perfectly air-conditioned building in the city, using scientifically designed chairs and an electrically-operated typewriter, typing eight hours a day runs into work. A doctor in a modern hospital, with all kinds of newer gadgets, including an electric saw instead of a hand saw, still finds himself playing out after a four-hour operation. And go it goes.

In fact, regardless of how many labor-saving devices man now has, regardless of all the automatic systems and modern inventions, most people I know wind up the day just about as tired as people did 50 years ago. At least they say they're tired. And when I say I'm tired, I don't want anybody arguing with me about it.

My theory is that machines will never be smart enough to eliminate work. It's up to man to do this, and the only way is not to rely on a machine, but to simply crawl under the shade of a tree and stretch out.

Yours faithfully,  
J. A.

## TEXAS LAWMEN GEORGE W. ARRINGTON, SHERIFF

The Panhandle's Ironbanded Peace-man

The Panhandle is proud of George W. Arrington, its first and fightin'est peace officer. As the early-day Indians said it... "Que hombre!" Born in Alabama, 1844, at he was one of Moseby's (Confederate) guerrillas before his whiskers sprouted. At 23 he had served with the Emperor Maximilian in Mexico and toured Central America, no restful region then. By 1878 he was Captain of Co. C, Frontier Battalion, Texas Rangers. And no outlaw was safe. One party of horse thieves he chased to the New England states and fetched back to jail. In 1879 Arrington established the first Ranger camp in the Panhandle in Crosby County. There he charted the high plains, located the legendary Lost Lakes, rode herd on warring Indians and tangled with the U. S. Army. During that disagreement the Indians gave up... vamoosed. "Texas soldier no bueno." Two years later Arrington retired to ranching and was promptly elected Sheriff of Wheeler and 14 attached counties, serving for 8 turbulent years. He seems to have proved conclusively that tranquility is not necessary for longevity. He lived 79 un-peaceful years, one of Texas' greatest peace-men.

Just as we have always needed the fearless courage and integrity of our lawmen, so do we need industry and commerce. When an industry provides a whole community with payrolls and revenue, relaxation and the pleasures of moderation... it "belongs". In Texas, "Beer Belongs". The United States Brewers Foundation constantly works with brewers, wholesalers, retailers and local authorities to assure the sale of beer and ale under pleasant, orderly and law-abiding conditions.

## CAMERON And MILAM COUNTY CHURCH NEWS General News

### Church Women To Sponsor May Fellowship Lunch

The United Council of Church Women will sponsor a May Fellowship Day Luncheon at the First Christian Church beginning at 12:30 p. m. Friday, May, 6.

Mrs. J. L. Callaway is the leader and Mrs. Walter Grimes, speaker.

Women from the Methodist, Christian, Episcopal and Presbyterian Churches are the sponsoring group.

### Services Held For Mrs. M. Springer

Funeral services were held April 20 at 2 p. m. for Mrs. Mary T. Springer, 91, who died April 19 in Houston after a lingering illness.

Mrs. Springer was born in Lee County, December 17, 1886. She lived in Milam County most of her life, moving to Houston only a few years ago to live with her daughter.

Funeral services were conducted at the Green Funeral Home, with the Rev. A. F. Russell, pastor of the First Baptist Church, officiating. Burial was in the Smyrna Cemetery.

She is survived by two daughters, Mrs. Rosa Smith of Houston and Mrs. Arnold Hildebrandt of Liberty; two brothers, J. J. Martin, Cameron and Albert Martin of Sealy. Three sisters, Mrs. Claud Mattie Luce of Galveston; five grandchildren and 7 great grandchildren.

### Lutheran Church Joins Synod Recently

At the thirty-seventh Convention of the Lutheran Church - Missouri Synod, Texas District in Austin the Cameron Trinity Lutheran Church joined as one of the members. The pastor of the church is Rev. Loren Krout. The delegate to the Austin meeting was G. L. LaGrone.

The Cameron church was among nine who received membership into the Synod at this meeting.

### May Transfers Set By Rogers Schools

Since May is transfer month in Texas for students who transfer out of their home district, the Rogers Public Schools will assist parents who want to make transfers to the Rogers district, as in the past.

State forms will be sent out from the Rogers Central office the first of next week for parents wishing them. Of course the transfers are handled through and by the county superintendents, and parents wishing to go directly to the county superintendent of the sending district may do that.

### Battletown Baptist Church

Evangelist Bill Harrod of Dallas will conduct revival services at the Battletown Baptist Church May 1-8. Services will be held at 7:30 p. m. nightly. Everyone is invited to hear this unusual preacher.

There may be reason to complain or slow mail service, but bills have a way of arriving on time.

## Rogers First Baptist Church To View Film Sunday Night

What are described as actual scenes of demon possession on the Island Bali highlight a new missionary film, "A Cry in the Night" to be shown Sunday night, May 1, at the First Baptist Church of Rogers at 7:30.

Other key scenes of the hour-long full-color documentary, as described by World Vision, Inc., which produced it: "Balinese maidens succumb to the powers of demon possession, rise to dance the intricate steps of a ritual they have never been taught... Feathers fly in a temple courtyard, as two savage gamecocks battle. A saintly missionary nurse binds up the wounds of the leprous in the midst of heartbreak such as few in this world ever see..."

The film, the tenth released by

World Vision, recently won first place in the documentary division of the Winona Lake Film Festival, an international competition for religious films. It is being perma-perma in churches across the country in what is described as a unique distribution plan. Churches using it, rather than paying rental fees or taking an offering for the World Vision organization, are required to take an offering for their foreign missionary program.

### Ben Arnold Mrs. Barkemeyer Is Patient In Cameron Hospital

By Mrs. A. T. Swanzy

Mrs. Gertrude Barkemeyer is a patient in Newton Memorial Hospital in Cameron.

The Ben Arnold Community Club met Friday night to elect new officers and to plan a recreational program for the summer.

Officers elected for the next two years are: Hugo Miller, president; Raymond Meeks, vice-president; Mrs. Gertrude Barkemeyer, secretary and treasurer.

The first community night will be on Friday night, May 13th. The next Friday night, May 20, there will be no games. Every Friday night following we will have community night.

Rev. Lawson Pritchett will fill the pulpit at the Baptist Church here next Sunday, May 1, for morning and evening services.

Several folks from the community attended funeral services for Mrs. Gus Kraemer at Terry's Chapel on Thursday afternoon of last week.

Mr. and Mrs. Edmund Pimpler visited Mr. and Mrs. Harold Gene Pimpler in Austin one night last week.

Mr. and Mrs. Hugo Miller and Monica visited relatives in Marlin last week.

Mr. and Mrs. Bill Sweet and Billy of Nordheim visited relatives here last weekend.

### Milano H. D. Club Met Thursday In H. E. Building

Milano HD Club met in the H. E. Building Thursday at 1:30 p. m. The president, Mrs. Jessie May Wimberly presided following the opening exercise, club prayer was reported in union.

Roll was called by secretary Mrs. Mildred Ashley. Minutes of Previous meeting were approved as read.

Twelve members and two guests Mrs. Nanamae Iuick and Mrs. Avis Eanes of Rockdale were present.

The president gave a report that a council meeting would be held in the Baptist SS Annex at 2 p. m. in Cameron Monday.

Miss Francis Hembree, Club agent gave a very interesting and informative talk on fabrics and clothing.

The Minerva HD Club will hold a meeting in Recreation Hall honoring new members with a tea at that time.

Mrs. Mildred Ashley presented two lovely vases to the club and names were drawn for same. Mrs. Joy Walker winning the vases.

Mrs. Marie Fisher assisted by Mrs. Pearl Cole was hostess serving sandwiches, potato chips, cake and punch.

# Insect Problems Appearing Again

By J. D. Moore, County Agent

The usual pattern of insects appearing as evidenced by request for information for their control. Aphids (plant lice) are small soft bodied insects appearing now on the tender growing tips of such plants as roses, japonicas, tomatoes and a number of other plants. Plant lice have sucking mouth parts and a contact insecticide should be used.

These insects have a rather rare and hard to believe life cycle. The first generation in the spring are all females and give birth to their young. All of the young insects are females and contain reproduction throughout the summer without the "inconvenience" of the male species. The last generation produced in the fall consist of both males and females. This generation mate and produce eggs that remain dormant during the winter months. Due to this rare pattern of life, high infestations are not uncommon.

## CONTROL OF APHIDS

Malathion or Parathion at the rate of two teaspoons per one gallon of water will give good control. Repeat applications may be necessary.

## SOW BUGS or PILL BUGS

These are common names given to the bluish gray insects that roll up in a ball when in fear of approaching danger. These insects stay in damp places and are commonly found under flowers or any low growing plants and do extensive damage to young plants such as Petunias and other plants that spread on the ground as they grow.

CONTROL — Chlorodane (Green Light), DDT or Lindane dusted on the ground around and under the plants will give good protection against the pill bugs.

CUT WORMS pass the winter in the soil as a pupae. They change into a worm as the soil warms up in the spring and feed on young plants by cutting the plant off just above ground level. The worms are fairly easy controlled by dusting Chlorodane, DDT, Dieldrin, Toxaphene or Lindane around the base of plants to be protected. Dusting or spraying grassed areas bordering the garden will kill a lot of cutworms since they migrate from such areas into the garden.

CHINCH BUGS IN MAIZE AND CORN — Several requests came in this week for help in controlling the chinch bugs. Best results were obtained last year by spraying with a mixture of 1½ pints of Dieldrin plus 1 pint of Methyl Parathion per acre. Use one nozzle per row and put the material down directly on the young plants.

SAFETY HINTS FOR HANDLING

## Records Needed By

### Today's Ag Producer

COLLEGE STATION — Profitable farm and ranch operations are developed through alert, aggressive management. Adequate business records are an essential part of that management, points out C. H. Bates, extension farm management specialist.

Business records can serve as the compass for charting the course but constant review and analysis are needed to make them more effective. Over - all record keeping is fine, says Bates, but enterprise records really show where the profits and losses are originating and why.

In most cases, points out the specialist, the over - all farm or ranch business is made up of several segments or enterprises. A complete summary of the business usually does not reveal the relative profitability of the different enterprises or parts of the whole business. Enterprise records call for a bit more understanding or accounting since they involve some additional breakdown of cash account items.

Work now underway by the extension farm management specialists and field personnel is aimed at assisting a limited number of farm and ranch operators with enterprise records in each county. As resources permit, this work will be expanded, according to Bates.

He adds that farmers and ranchmen, like our businessmen, must use every available means to maintain satisfactory returns on their investment, labor and managerial ability. If enterprise records will improve the efficiency of the business, and Bates believes they will, then they should be kept.

He says that local county extension agents can supply additional information on enterprise record keeping and assistance if it is desired.

## Reportable Diseases

Reportable diseases in Milam County for the week ending April 23, 1960 according to Dr. T. E. Crump, acting director of the Milam County Health Department are 54 Measles, 27 strep throat, 6 flu and 1 Gonorrhea.

ING FARM CHEMICALS — With the new crop year under way, both farmers and city folks should keep in mind these safety hints: 1) Read the labels on the containers, follow instructions, and take the recommended precautions when using insecticides or herbicides. 2) Store pesticides and other chemicals where children or careless adults are not likely to get into them. Keep the chemicals in a locked shed or closet, away from feed and food. 3) Keep pesticides and other agricultural chemicals in their original labeled containers so that everyone will be able to tell exactly what material he is using. 4) Dispose of empty containers promptly and in such a manner that no dangers to human beings, animals, or valuable plants will be created.

# 4 - H Club Notes

By Robert Hoermann  
Ass't County Agent

4-H boys and girls with Sears girls are in the process of weighing their litters for the District Heavy Litter Contest.

The litters have grown exceptionally well. Pasture, creep feeding and plenty of clean water has helped get the pigs off to a good start.

The Chamber of Commerce Broiler Show will be held Saturday, April 30, in the vacant lot across the street from the Carey Lumber Company in Cameron.

The County Wide 4-H Club will meet Saturday, April 23, 8:30 a.m. in the Baptist Sunday School Annex in Cameron.

Anyone interested in 4-H Club work may attend this meeting. Boys and girls between the ages of 9 and 21, rural or urban, are eligible to become 4-H members.

Outdoor fires — the uncontrolled and dangerous kind — are closely connected with both the weather and the people. And while you can't do much about the weather,

you can do plenty about your own habits to prevent field and other outdoor fires.

The danger of outdoor fires varies with changes in relative humidity, fuel moisture content, wind conditions, how recently rain fell and other factors. It's largely a matter of common sense to judge when these factors combine to produce dangerous conditions, and when conditions are favorable for safe burning.

Here are some "common sense" good practices: 1) Before doing any outdoor burning, check local regulations and obtain a permit if required. 2) Pick a wind - free, dampish day for trash or brush burning. 3) Pick a spot well away from buildings and clear a good-sized strip of earth around the pile of trash or brush to be burned. 4) Have some fire fighting equipment and adequate help available. 5) Burn small amounts only and soak embers in water thoroughly when the burning is finished. 6) Keep brush and grass mowed close around all farm buildings. Better still, keep a broad strip around the buildings freshly plowed.

## Economist Takes A Look At What's Ahead For Agriculture

COLLEGE STATION — The 1960 outlook is brighter for some agricultural products, reports John McHaney, extension economist.

Hog slaughter this summer and fall will come largely from a reduced 1960 spring pig crop. Therefore, McHaney continues, prices should be a little higher than during the same period in 1959.

During the next several months, prices of fed cattle are expected to fluctuate a little below current levels. Weaker fed cattle prices will probably show the usual spring rise in the price of feeder cattle. Moisture conditions are favorable over most of the country and this will likely bring good pastures and a strong demand in the fall of 1960, however, will probably be lower than during the same period last year.

With consumer incomes at a new high in 1960, prices received by farmers for milk will average little higher than in 1959. The outlook after 1960 is not favorable as that for this year, because of the expected drop in beef cattle prices which could result in more emphasis being placed on dairy and milk cow numbers could begin to increase in 1961. The stage for such a reaction probably will be set in 1960 with just enough price increase among dairy products to give dairy farmers renewed confidence, thus causing

## Food Workshop Held At Colored Extension Office

Wednesday, April 13, a food Budgeting and Quick - Meal Workshop was held from 10 to 2 p. m. in the Demonstration Kitchen of the Negro County Extension Agent's office with three adult leaders present.

The leaders present were: Mrs. Lillian Nelson, Rt. 1, Milano, Mrs. Sarah Hemphill of Cameron and Mrs. Ella B. Williams of Davilla.

The Workshop was comprised of information on the proper foods to eat, the nutritive value of foods, the importance of planned meals according to the Texas Food Standard, budgets and market orders to eliminate needless spending and quick meals from the oven. (35 minute meals.)

Further information and emphasis

asis was given through the following visual aids: Good Meals For Busy Days, What Shall We Eat, and Here's Health, With Fresh Fruits and Vegetables, Visual aids used were obtained from the Texas Agricultural Extension Service College Station, Texas.

## Hickman Reunion

The Hickman Family Reunion has been postponed to the first Sunday in June. It is usually held the first Sunday in May.

Law and commandments, in some people's opinions, were made to guide the other fellow always.

## TELEPHONE TALK

by C. L. Carson, Manager

### PAYING OUR SHARE

The City of Cameron is \$2,234.00 richer as the result of the payment of Telephone Company gross receipts tax for the year 1959.

This tax is paid on our gross receipts received from Cameron customers for the rendition of telephone service, and is in addition to the regular City Advalorem and School Taxes.

The amount of tax represents an increase over last year. The increase is due to the fact that forty new telephones were added during the year together with the growth of the city.

The Telephone Company's gross receipts taxes paid to Cameron is sufficient to support the salary expense of the Fire Department for five months. We are glad to be a part of Cameron and to pay our fair share of the cost of running the city.

### SPIRIT OF SERVICE IN ACTION

Every now and again I hear a warm, human story about people that makes me feel pretty good. I think this one will make you feel good, too.

Here's what happened. A man and his wife went to court to adopt a little girl — a German orphan. But the man was dressed in a suit and sports shirt, and one of the officials told him he had to wear a tie when appearing before the judge.

The tieless man protested that if he were not allowed in court now, the adoption would be postponed, perhaps for months.

At this point, Jerry Sharp, a veteran installation foreman for Southwestern Bell who happened to overhear the conversation, removed his own tie, handed it to the man and said, "Here, take mine."

Well, a few minutes after that, the adoption proceedings were underway and the little girl had a new family.

So often it's the "little" extra things you do that help the most.

### BRIGHT IDEA FOR SPRING

Driving around Cameron the other day, I suddenly realized that the hustle and bustle of spring is with us again.

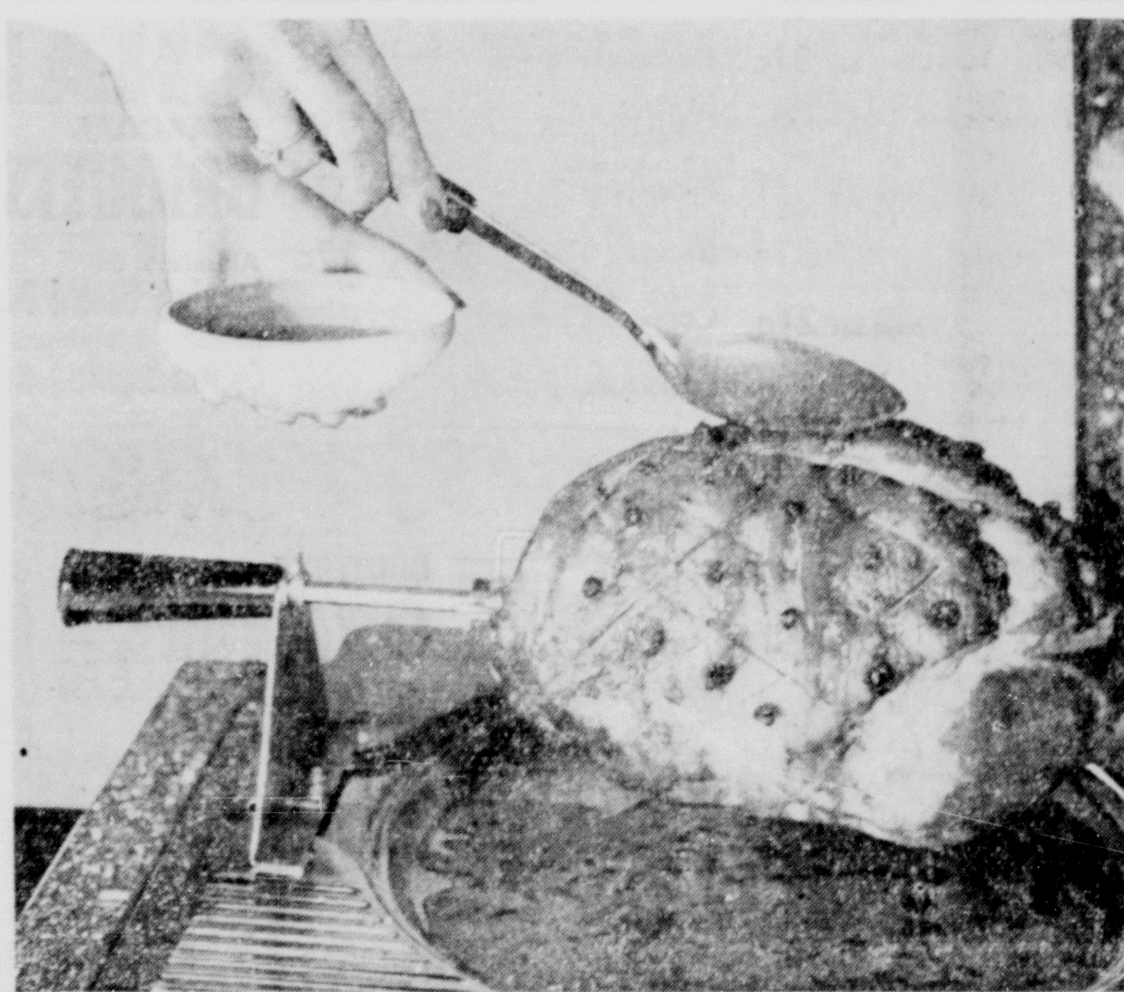

Everywhere I went - from Main Street to North Houston Street - I saw the dreary signs of winter being replaced by fresh new colors. Color seems to be the talk of spring.

Perhaps you've seen our ads in the national magazines suggesting that you "Pick-A-Phone from a Garden of Colors." It's a timely reminder that a color extension telephone is an easy, inexpensive way to add a dash of color — and time-saving convenience — to any room in your house.

You can order yours just by calling your telephone business office at OX7-4601.

Call by number. It's twice as fast.

SOUTHWESTERN BELL TELEPHONE COMPANY

## Perfect results time-after-time with Gas automatic rotisserie!

Ready for your glaze. Newest way to cook: gas rotisserie. Self-basting. Gives flame-kissed flavor, chef-like results every time. More people pay less to cook with the best: wonderful, modern gas!
